Mental Ray  
Mantra

## PROFESSIONAL EXPERIENCE

### Senior Lighter / Composer, 2017-Present

*Blizzard Animation Irvine, CA*

**Franchises:** Overwatch, World of Warcraft, Unreleased

- Contribute to the team through the roles of Project Lead, Key-Shot Lighter, Tool Developer, and being a resource for pipeline developers and TD's.

### Lead Lighting Artist, 2012-2017

*Dreamworks Animation Glendale, CA*

**Credits:** Boss Baby, Trolls, Penguins of Madagascar, Monkey's of Mumbai, Turbo

### Trolls

- Core member of the lighting development team, worked with all departments to develop the final look of the show, workflow, and technology.  
- Continued onto production to define the look of numerous locations, produce shots, and assist artists.

### Penguins of Madagascar

- Developed the lighting look of a location, taking many of those shots to final while supporting other artists on the show.

### The Dragon Flight

- Coordinated with VFX Supervisor and multiple departments to complete a 5000+ frame, 270 degree field of view, continuous shot, fly-through of Berk from How to Train Your Dragon 2.

### Monkey's of Mumbai

- Core member of the lighting development team, worked with all departments to develop the final look of the show, workflow, and technology.

### Turbo

- Aided Leads and Supervisors in developing optimized lighting work-flows and lighting rigs while lighting production shots.
